

**Colinda De Groen**  
brings  
Razzle-Dazzle,  
interactive sing-along  
shows to senior  
communities across  
the Bay Area.

After 4 years working  
on Activities teams in  
senior living  
communities, she  
discovered how  
powerful familiar  
music can be for  
connection, and joy.

Her mission is  
simple: Bring a show  
that includes  
everyone to feel happy, and genuinely entertained— residents, visitors and  
staff.

Playing four instruments, she sings only well-known favorites across many  
genres, so the audience can sing, hum, clap, or tap along in whatever way  
feels good..

*The true music is the sound of laughter, happy chatting and audience  
participation.*

To make each show feel like a special event, she plays four instruments,  
wears gala show-biz attire, and uses twinkle lights display for a touch of  
“wow.”
